Since 1986, the National High School Essay Contest on the United Nations has inspired students to engage global issues and the work of the UN through scholarship and critical thinking. Each year, the United Nations Association of the USA publishes a topic and question of particular importance to the international community. Students then conduct research and write a response to the question, based not only on the information they have found, but also on their own views and opinion.

This year's National High School Essay Contest on the United Nations focuses on Millennium Development Goal Eight, and asks students to tackle the challenge of promoting development through international partnership.
